

Smoky Mountain Volunteer Log

For all of our science trips, we ask that students participate in community service volunteer hours of any kind. These hours can be formal or as informal as helping a neighbor or teacher.... but not parents as they should be doing that every day! **The required hours for the Smoky Mountain Trip is 2 hours.**

Hours are on the honor system...you simply write down what you did and for who you did it for. The reason we do this is that it is most often the parents that sacrifice to send kids on these trips and we feel the students should also contribute. **Return your form to the Science Office so we can add up all student volunteer hours!**

Student Volunteer Name: _____

Date	What did you do?	Hours Volunteered
