Celebrate the Navy’s Birthday on October 13 and recognize the brave men and women who have served our country — past and present. Established during the Revolutionary War, the original Continental Navy was formed, disbanded, and then reestablished nearly 10 years later. Today it’s the largest and most capable navy in the world, with the highest combined battle fleet tonnage. The Navy also boasts the world’s largest aircraft carrier fleet, over 300,000 active personnel, and nearly 100,000 in the Ready Reserve.
George Washington’s the father of our navy too

General Washington commissioned two small schooners to patrol in and around Boston Harbor as the Revolutionary War heated up — eventually leading to the Navy we have today.

The Navy’s birthplace is in dispute

The Massachusetts cities of Beverly and Marblehead have long argued over which was the birthplace of the Navy — which takes no official position on its place of origin.

All submariners are volunteers

Those serving on submarines are among the most highly trained personnel in the USS Yorktown.

Star Trek’s USS Enterprise was originally called the Yorktown. After some debate, creator Gene Roddenberry eventually renamed it.

Best of the best

SEAL Team 6, officially known as United States Naval Special Warfare Development Group — along with Delta Force — are the most highly trained elite forces in the U.S. military.
WHY NAVY IS IMPORTANT!!

• It’s a tribute to those who serve
• Celebrating the men and women who are currently enlisted shows our appreciation for what they do for us.
• It’s our proud history
• It’s vital to remember the Navy’s history and honor the men and women who have given their service and lives for our country.
• Super ships
• Featuring a massive flight deck equipped with an electromagnetic aircraft launch system, the Gerald R. Ford Class has the capacity to carry more than 75 aircraft and accommodate 4,539 personnel. It’s the world’s biggest aircraft carrier.
HISPANIC HERITAGE IN YOUR NATIONAL PARKS

#EncuentraTuParque

A UNESCO World Heritage Site, San Antonio Missions National Historical Park preserves over 300 years of history and culture.

The Castillo de San Marcos is not only a monument of stone and mortar but also the crossroad of European, African, and native cultures on the Florida coast.

Under the leadership of Cesar E. Chavez and others, farm workers and supporters worked to secure higher wages and safer working conditions.

Siglo De Oro festivals at Chamizal National Memorial bring history back to life with reenactments of 16th and 17th colonial Spain.

Did You Know?

Mexican homesteaders and ranch owners in the Santa Monica Mountains area built a strong cultural heritage still seen today.
