

# Post a video on your webpage.

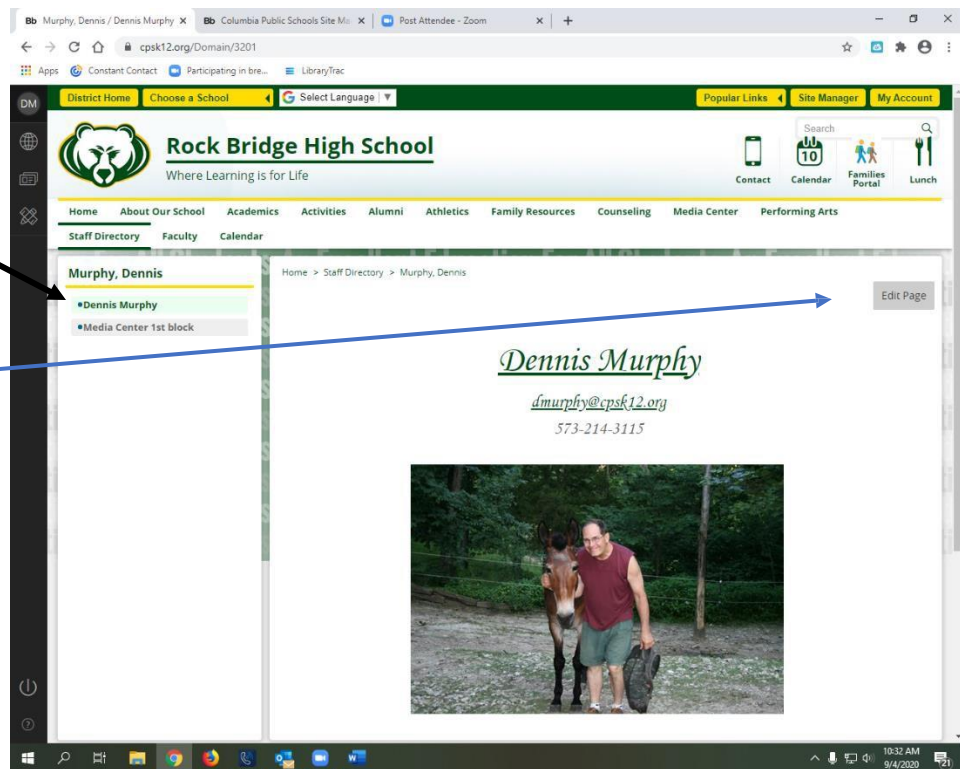

Log into your webpage with your Active Directory login.

Click Site Manager

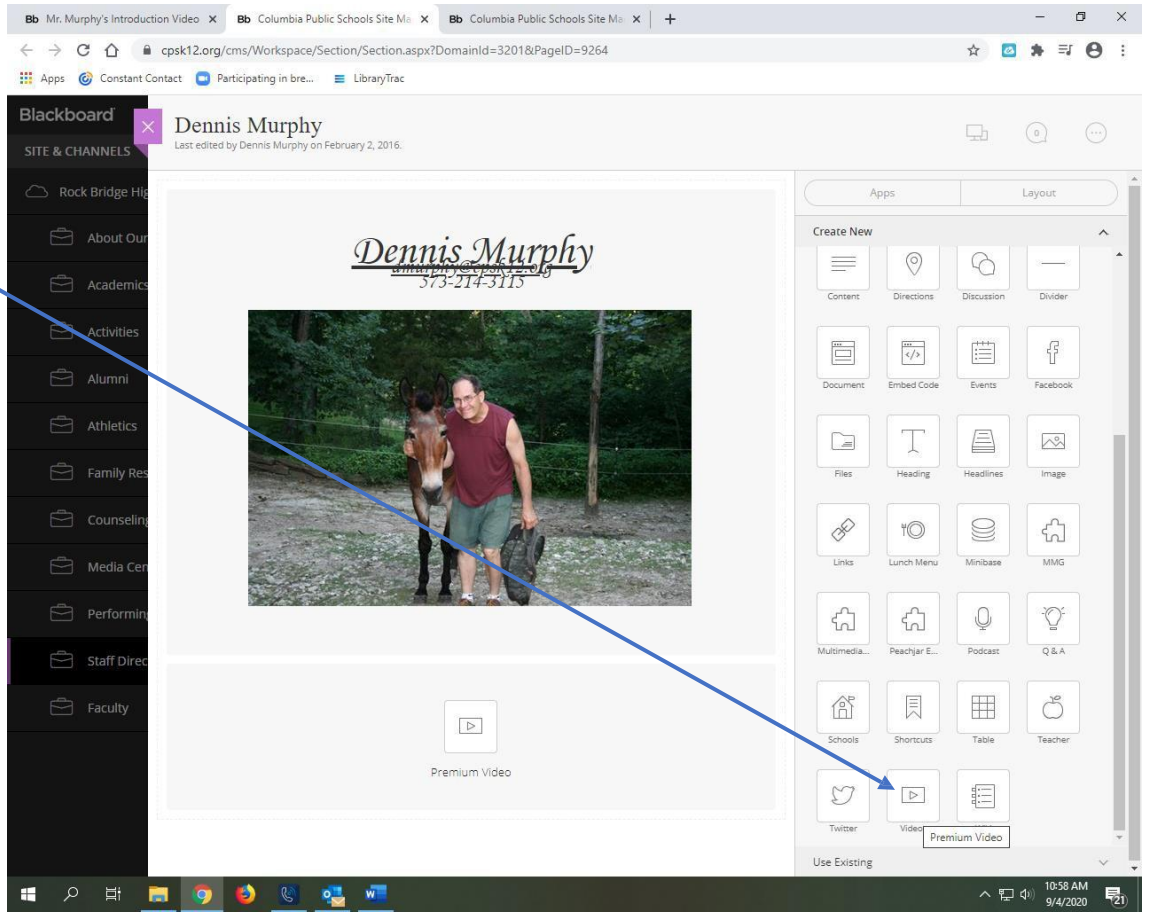

Your page will have "about me" Here. Click that and then edit page.

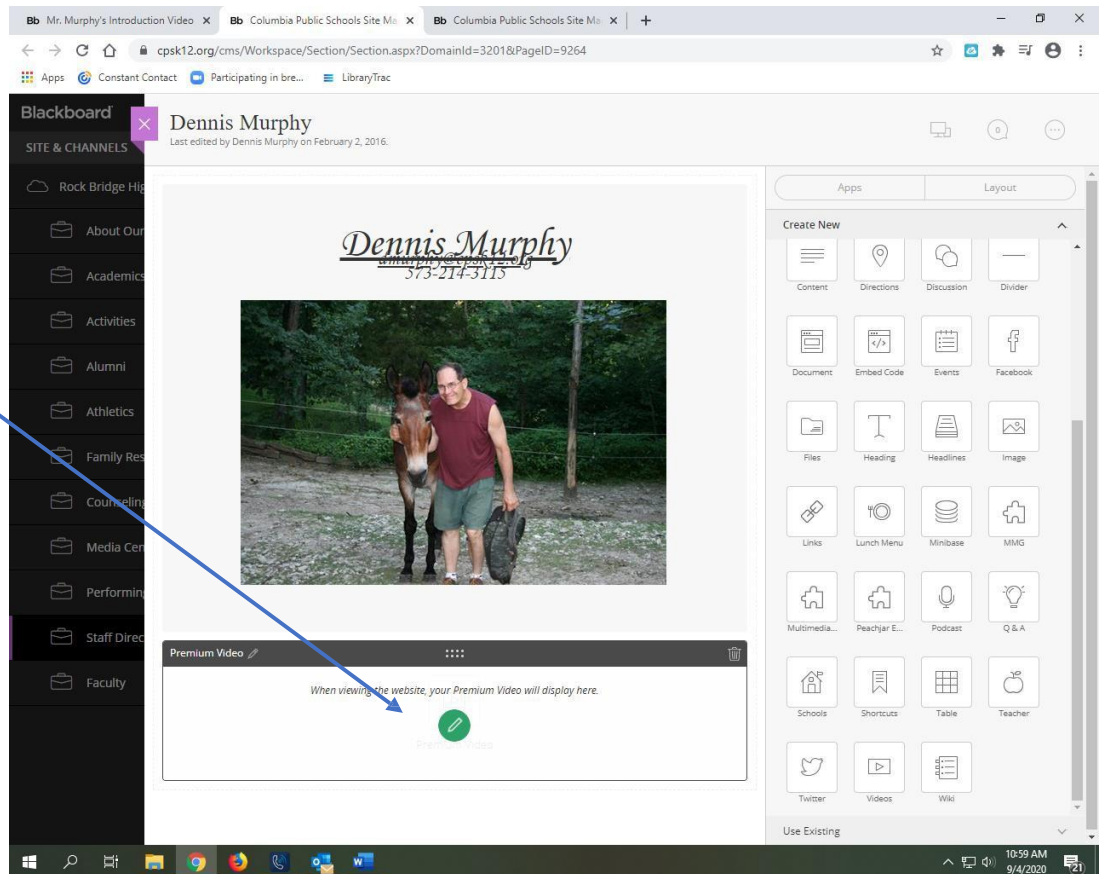

Click edit page.

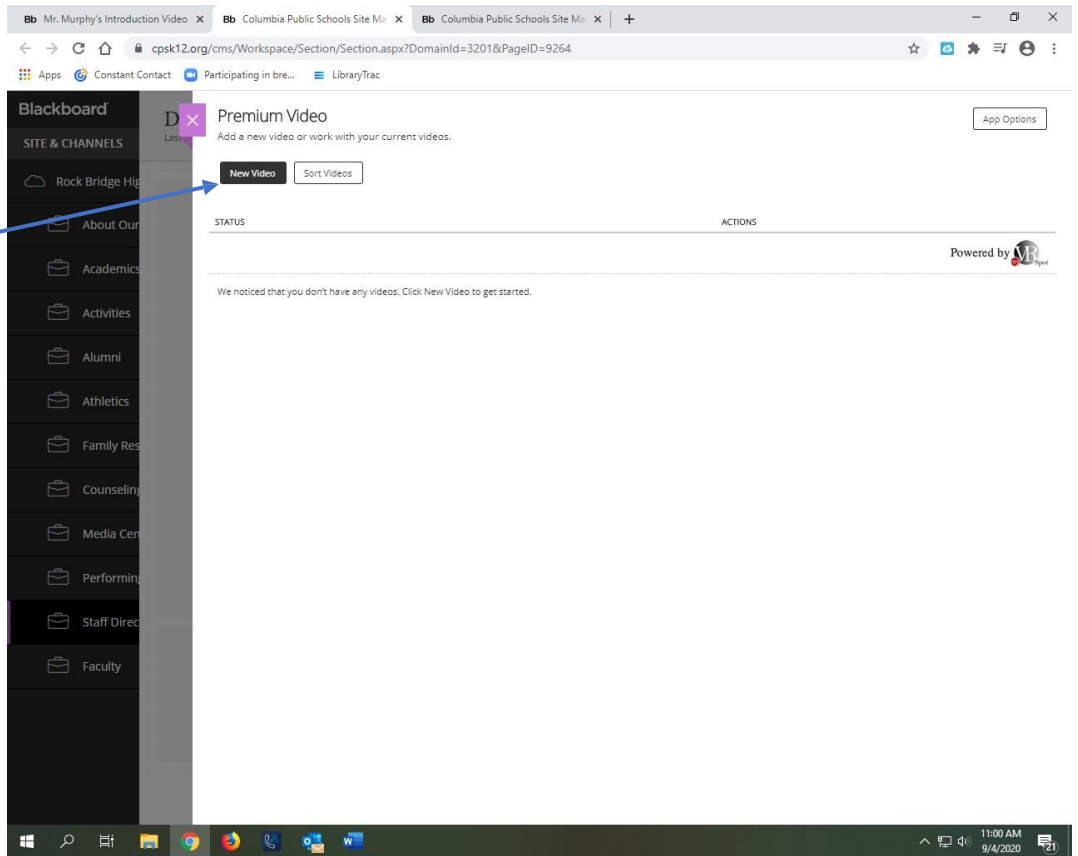

Click on the video app at the bottom on the right and drag it over to your page.

Click on the pencil to edit the movie app.

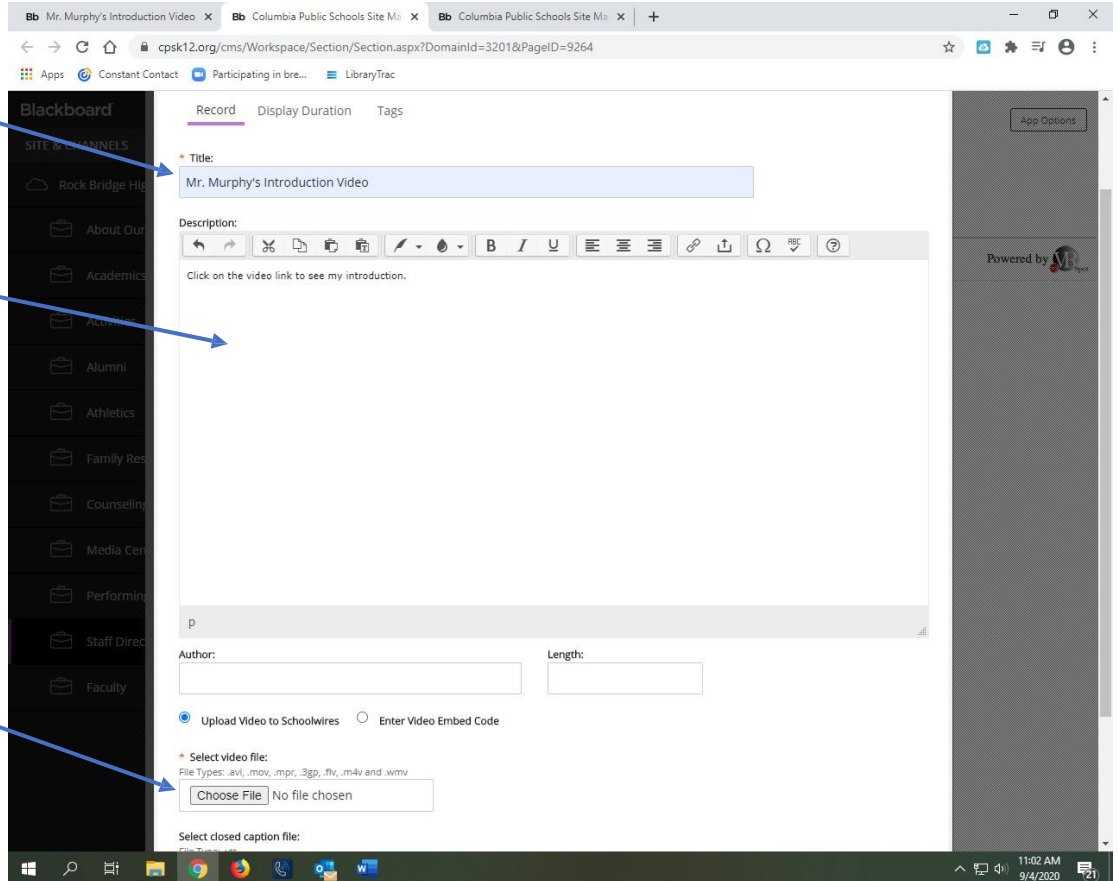

Click New Video

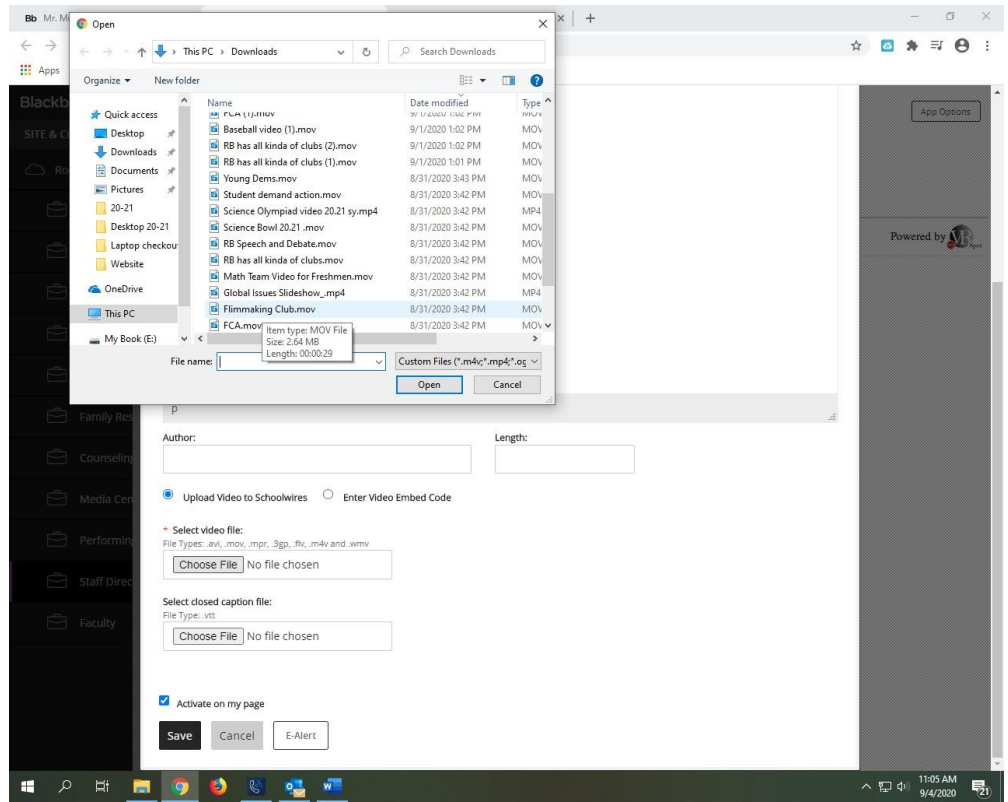

Put in your title.

Add a description (optional).

Click choose file.

Locate your file. (If it is on the Google Drive, download it to your laptop and then get it from the downloads folder.)

You will see your file here.

Click save.
