COLUMBIA VALUES DIVERSITY CELEBRATION STUDENT WRITINGS PROGRAM

Each year, the City of Columbia's Columbia Values Diversity committee includes a student writings program as part of its annual celebration of diversity in our community. The program is available for students in grades 4-12.

This year the theme is: "*Healing Together.*"

Student writings should not be more than one page typed or two pages handwritten. An independent selection committee will choose selected writings from all grade levels for publication. The booklet will be distributed at the Columbia Values Diversity Celebration on Thursday, January 13, 2022, and published on the celebration website. Three or four students will be selected to read their works and be featured in a video produced by the City Channel, which will be played at the celebration as well as broadcast after the event.

Submission guidelines for the program are attached. These guidelines also include brief prompts designed to stimulate student thought and creativity. There is also an online submission option should students wish to submit independently.

Click on the link below for submission information:

Overview: The cost of a college education continues to rise, which may lead some families to assume college is too expensive for them. However, this Financial aid 101 webinar will help families understand the actual costs and discover ways to pay for a college education. In addition, we will cover the financial aid forms needed and ways to simplify the process of applying for aid.

Title: Understanding Athletic Recruiting

Date: Wednesday, December 1, 2021

Time: 6 pm CDT

[Registration link](#)

Overview: In this webinar, students and parents will examine recruiting from an educational standpoint to learn how counselors can “coach” them on how to ask the right questions, self-recruit to achieve their athletic goals, and avoid the “Here’s How to Win a Scholarship” distractions from popular media and for-profit recruiting services. We will include the latest trends in athletic recruiting, including specialization, early commitments, the rise of club sports, the nuances of NESCAC and Ivy league recruiting, the accelerated timeline, and the impact of the pandemic on recruiting from both the coaches’ and students’ perspectives.
