

Microsoft Office for Students!

Students attending Columbia Public Schools are now able to download Microsoft Office products on up to 5 computers **for free.**

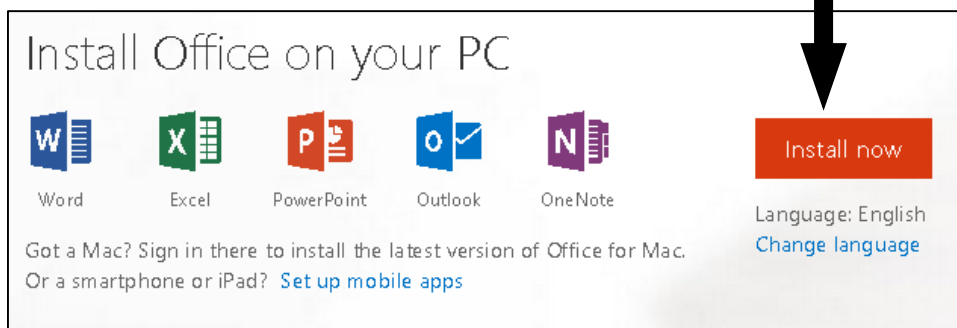

Features include:

- Install on up to 5 compatible PCs and Macs, plus 5 tablets
- OneDrive - sync documents to devices
- Office subscription is active while enrolled in CPS

Follow these steps to take advantage of this great offer!

1. Visit <https://login.microsoftonline.com> and enter the student's CPS username **PLUS '@stu.cpsk12.org'** (so the login will look like 13AAA01@stu.cpsk12.org) into the username field and hit 'Tab' on your keyboard.
 - a. You will be redirected to the Columbia Public Schools login screen
 - b. Log in there with '**columbia\username**' and the password the student's CPS network password.
(ie: Columbia\13AAA01 password: apples01)

2. Select **Install now:**

3. The website will automatically download an installer to your computer. When it is done downloading, open it.

4. Follow the prompts to complete installation
5. To manage subscriptions or install an older version of Office (if your computer doesn't meet the minimum [requirements](#)), please click the  in the upper right corner, select Office 365 settings, then click Software.
6. For questions about student user names please contact your school. Please be aware CPS has very limited ability to assist with family computer issues related to this installation.
