Grant Elementary School Addition

Students and faculty at Grant Elementary School will start the school year with access to a new two-story addition to their building, which has been in the works since last year.

The addition adds 16,600 square feet on the southwest side of the building and eliminates the need for four classroom trailers. It also includes dedicated classrooms for special education, music and art, and a small greenhouse area that will feature plants grown by second and fifth graders.

Two elevators have been installed to make the building more accessible. The existing restrooms, teacher's lounge and main office underwent renovations, and a nurse's office, workroom and adult restroom were added to the existing layout.

The main office's entry has been relocated to align with the pickup and drop-off loop near the Eco Schoolhouse. The building's fire alarm system has also been upgraded.

New Middle School

A groundbreaking ceremony for the new middle school off Sinclair Road will be held later this fall. The school will allow for reduced class sizes, more collaboration areas for students and spaces for the community to use. The school, which is set to open in fall 2020, will address growth in south Columbia and reduce overcrowding at Gentry Middle School.

Rock Bridge High School Stadium

The dedication of the Rock Bridge High School stadium renovation and press box will take place on September 14, prior to the RBHS home game, at 7 p.m. The renovations of the stadium were approved by voters in 2014, and include a new and larger home grandstand, a new press box, new storage buildings, new fencing around the track, a legacy plaza, and bathrooms, and seating accessible for individuals with disabilities. The track was also striped and resurfaced.

NEW TO THE TEAM

Heather McArthur, Interim Chief Financial Officer
McArthur began working for CPS in 2006 as chief accountant in the district’s business services department. She was promoted to administrative project manager in 2016 and worked directly with the CFO to oversee the budget process, as well as working in contract management, long-range facilities planning, and risk management. She has bachelor’s degrees in mathematics and accounting from Central Methodist University. McArthur has also worked for the state auditor’s office as a staff auditor and senior auditor, and has experience working in the governmental audit section.

Nickie Smith, Interim Chief Human Resources Officer
Smith has worked for CPS since 2012. She has a bachelor’s degree in business administration with an emphasis in marketing and advertising from William Woods University. She has worked for the Missouri Department of Revenue and Missouri Department of Social Services and has 12 years’ worth of human resource experience within the public sector. Smith is a certified equity trainer through NCCJ for CPS and the current vice president of professional development for the Human Resource Association of Central Missouri.

Randy Gooch, Chief Operations Officer
Gooch has served in a leadership role at the Columbia Area Career Center for the past seven years. He has more than 20 years of experience in education, including time as a teacher, counselor and director of the Hart Career Center in Mexico, Missouri, before joining CPS. He will oversee facilities and construction services, custodial services and transportation departments for the district in his new role. Gooch has a bachelor’s degree in industrial technology from Truman State University, a master’s degree in counseling from Western Kentucky State University, a master’s degree in school administration and an educational specialist degree in educational leadership from William Woods University.

Sarah Sicht, Benton STEM Elementary School Principal
Sicht previously served as an assistant principal at Parkade Elementary School for the past five years. She was also a teacher, fellows mentor and assessment coach at Parkade. Sicht earned a bachelor’s degree in early childhood education from the University of Missouri, and a specialist degree in administration from Williams Woods University.

Julia Coggins, Locust Street Expressive Arts Elementary School Principal
Coggins has been teaching in mid-Missouri for more than 15 years, including stints at Grant Elementary School, Centralia Intermediate School and Blue Ridge Elementary School, where she began her career as a fourth-grade teacher. She most recently served as assistant principal of Battle Elementary School for the last three years. She was also an administrator at Alpha Hart Lewis Elementary School before beginning at Battle. Coggins has an undergraduate education degree from Evangel University and graduate degrees from the University of Missouri and William Woods University.

Mark Burlison, Blue Ridge Elementary School Principal
Burlison was promoted from assistant principal to principal at Blue Ridge Elementary School. He served as assistant principal for the past three years, and also worked as assistant principal at Mill Creek Elementary School and as an elementary school teacher before coming to Blue Ridge. He has an elementary education degree from William Woods University and holds graduate degrees from the University of Missouri and Southeast Missouri University. He will complete his doctoral degree in educational leadership from William Woods University in 2019.

Jill Edwards, Shepard Boulevard Elementary School Principal
Edwards had been the assistant principal at Alpha Hart Lewis Elementary School since 2012. Prior to working at Alpha Hart, she taught at Blue Ridge Elementary School for five years. She has a bachelor’s degree in teacher education from Texas Women’s University, a master’s degree in education and a specialist’s degree in educational leadership and policy analysis from the University of Missouri.

Kristen Palmer, Two Mile Prairie Elementary School Principal
Palmer has more than 23 years of experience as a teacher and school administrator in Oklahoma and Missouri. Before coming to Two Mile Elementary School, she served as principal at Blue Ridge Elementary School for the past six years. She holds a teaching degree from the University of Oklahoma and graduate degrees from the University of Missouri and William Woods University.

Nicole Langston, Center for Early Learning - North Director
Langston has an education specialist degree in education policy and analysis from the University of Missouri and a master’s degree in elementary administration from William Woods University. She has experience working as a teacher, conscious discipline trainer, parent educator and National School of Character evaluator. Langston has been the principal at Southwest Early Childhood Center in the Jefferson City School District for the last nine years.

Brandon Russell, Columbia Area Career Center Director
Russell has served as assistant director at Columbia Area Career Center since 2014. He has prior experience as the director of technical schools in Hillsboro and Lexington, Missouri, as well as serving as the assistant superintendent of Marshall Public Schools in Marshall, Missouri. He received a doctorate degree from Saint Louis University in 2015.

De’Vion Moore, Alpha Hart Lewis Elementary School Principal
Moore previously served as the assistant principal at West Boulevard Elementary School. He has six years of experience at CPS and was a learning specialist at Hickman High School before joining West Boulevard. Moore holds a bachelor’s degree, master’s degree in education, and an educational specialist degree all from the University of Missouri.
Cedar Ridge Elementary School

Columbia Public Schools dedicated its newest elementary school, Cedar Ridge Elementary School in July. The new school located at 2345 Howell Mountain Drive in the Vineyards subdivision off Highway WW is just a mile and a half away from the old Cedar Ridge location.

The new building features a slew of new amenities the old school didn’t have and eliminates the need for classroom trailers. A cafeteria with a kitchen, gymnasium, and a makerspace room are only a few exciting additions, along with more classrooms and improved facilities.

Voters approved the $22-million building in the 2014 bond election as part of CPS’ 10-year plan to address growth and overcrowding. Cedar Ridge now has a capacity of 650 students, more than three times the size of the previous building.

CPS students take advantage of summer programs

Just because the school year ends in May doesn’t mean CPS students stop learning. The district offers many summer school options for Columbia students, including fee-based and tuition-free programs.

CPS’ main program, Summer SUNsation, offers free summer school for students entering kindergarten through eighth grade and emphasizes “learning by doing.” The Columbia Area Career Center also offers several tuition-based programs for students ages 10 to 14.

Some CPS students had the chance to mix work and play at Fun City Youth Academy, an extended summer school program. The program is a partnership between Columbia Public Schools and Fun City Youth Academy (FCYA) that offers half-day summer school curriculum and half-day Fun City programming. Fun City students receive the same curriculum as other CPS SUNsation students, however the curriculum is taught over an 8-week period instead of the traditional four weeks. During the second half of the day, students participate in educational, cultural and socially enriching programs. According to FCYA Executive Director Bonnie Yantzi, students get to experience a wide-range of activities and classes designed to help them throughout life, like money management, African-American history and building strong families. They also get to participate in hands-on learning activities, physical exercise, and various field trips.

Lindsey Murray, the principal of FCYA’s summer program, said the program is important because it protects students from falling victim to the “summer slide”: the time between May and August where kids tend to lose a lot of the achievement gains they made during the previous school year. He says programs like Fun City that operate all summer help engage Columbia youth in academic and culturally-enriching activities.
