How to view your Schoology course as a student
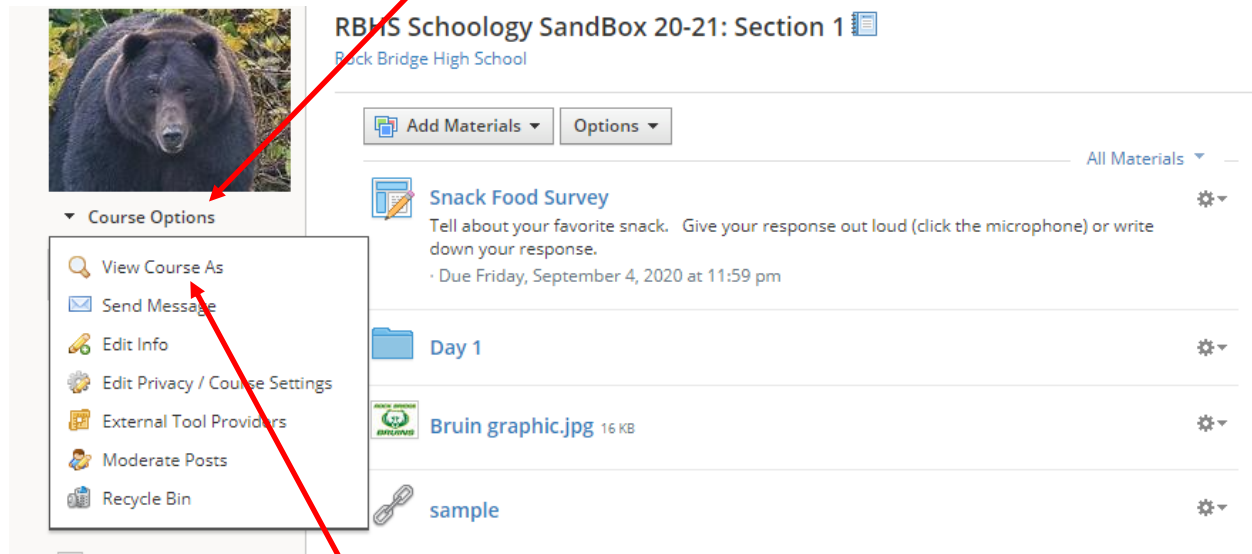

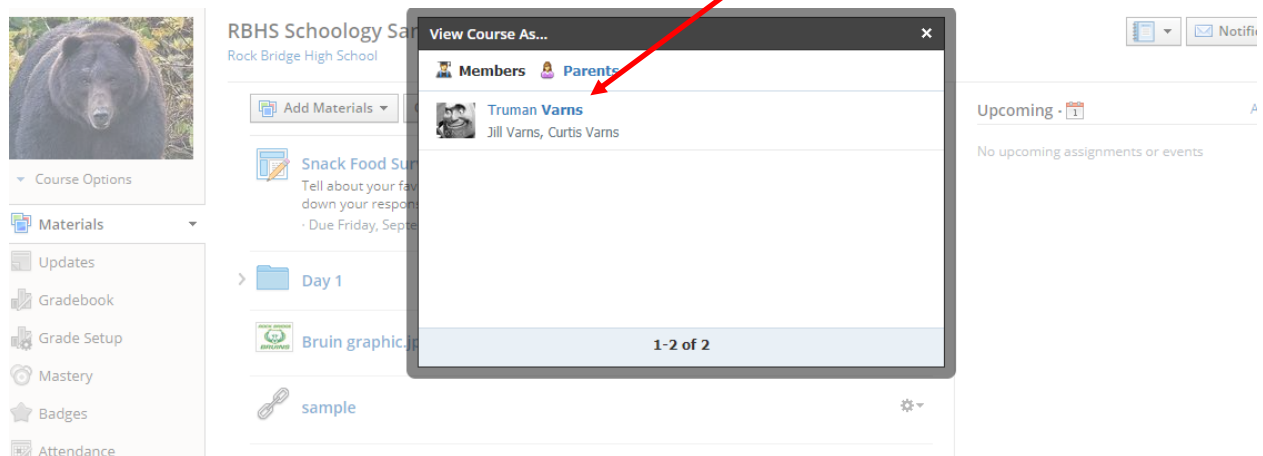

1) In your course, go to "Course Options" at the top of the left column.

2) Next, select "View Course As" in the pulldown menu.

3) Select the name of the person whose view you want to see and click.

4) Now, you are viewing as a student.

This is how your course looks to Truman Varns
Use this tool to see how your course appears to each member. You can always change the visiblity of your course materials by adjusting the availability options for each item.
