Linda Quinley – Review historical cost of employee benefits and explained the work of the Employee Benefit Committee.

Jaime Clark – Advised Committee on the use of specialty pharmaceuticals for 35-40 members. The district has seen a $130,000 savings. The EBC has evaluated the benefits of allowing 90-day prescription refills at select pharmacies. Members would pay the cost of 2.5 copays, instead of 3. There can also be additional discounts.

Todd Goffoy and Jack Dillingham of Piper Jaffray discussed managing the amounts needed to repay the principal of outstanding debt and regenerate debt capacity going forward. The average life of a 20-year level debt service is approximately 13.50 years. Columbia Public Schools are beyond 13.50 years because the principal debt was delayed in the early years of the debt. A discussion was had about the committee voting on an action closer to the time of a bond issue.

Todd Goffoy reviewed the projected debt service fund balance through 2034 and provided a debt capacity calculation review.

Meeting adjourned.
