

Policy
DISCIPLINE REPORTING AND RECORDS

Descriptor Code: JGF

In compliance with state law, the Board of Education establishes clear channels of communication between teachers, administrators, law enforcement officials and other schools concerning acts of school violence and other behaviors that endanger the welfare or safety of students, staff or patrons of the district. The purpose of this policy is to designate specific actions committed by students that must be reported to teachers, administrators and/or law enforcement officials as well as those actions that must be documented in a students discipline record.

Definitions

The following definitions and terms apply to this policy:

Reporting to School Staff

School administrators shall report acts of school violence to all teachers at the attendance areas in which the involved students are educated and to other school district employees with a need to know the information to adequately supervise the students and to protect themselves or others. In addition, any portion of a students individualized education program (IEP) that is related to demonstrated or potentially violent behavior shall be provided to any teachers and other district employees with a need to know the information.

The superintendent or designee will inform district employees with a need to know of any act committed or allegedly committed by a student in the district that is reported to the district by a juvenile officer or an employee of the Children's Division (CD) of the Department of Social Services, sheriff, chief of police, or other appropriate law enforcement authority in accordance with state law. Such reports shall not be used as the sole basis for denying educational services to a student.

Reporting to Law Enforcement Officials

School administrators are required by law to report certain crimes to law enforcement. In an effort to support timely and accurate reporting, the Board encourages all employees who have information about any criminal act to share that information with their supervisors. The Board

expects employees to share information regarding serious criminal acts, and employees must report criminal acts when required by law and Board policy.

Any crime listed in this section, or any act that if committed by an adult would be a crime listed in this section, that is committed on school property, on any school transportation or at any school activity must be reported immediately by the appropriate school administrator to the appropriate law enforcement agency. If the district is aware that a student who is suspended for more than ten days or expelled is under court jurisdiction, the superintendent shall notify the appropriate division of the juvenile or family court of the suspension or expulsion.

All employees shall immediately report to the principal any incident that constitutes a crime, including any incident in which a person is believed to have committed an act that if committed by an adult would be first-, second-, or third-degree assault, rape in the second degree or sodomy in the second degree against a student or school employee, while on school property, school transportation or at school activities. Employees shall also inform the principal if a student is discovered to possess a controlled substance or weapon in violation of the districts policy. The principal shall immediately report these listed offenses to the appropriate law enforcement agency and the superintendent. However, if the district has entered into an agreement with law enforcement regarding the reporting of third-degree assaults, the district will report third-degree assaults to law enforcement in accordance with that agreement.

School districts may report or disclose education records to law enforcement and juvenile justice

authorities if the disclosure concerns law enforcement's or juvenile justice authorities' ability to effectively serve, prior to adjudication, the student whose records are released. The officials and authorities to whom such information is disclosed must comply with applicable restrictions set forth in state and federal law.

Reporting Third-Degree Assault

The superintendent and the appropriate local law enforcement agency may develop a written agreement outlining the procedure for reporting any incident in which a student is believed to have committed an act that if committed by an adult would be third-degree assault. If such an agreement exists in the district, the principal shall report third-degree assaults to the appropriate local law enforcement agency in accordance with the agreement.

Student Discipline Records

The Board of Education directs the superintendent or designee to compile and maintain records of any serious violation of the districts discipline policy for each student enrolled in the district. Such records shall be made available to all district employees with a need to know and shall be provided to any school district in which the student subsequently attempts to enroll within five business days of receiving the request, in accordance with state law. If a student is placed in another school by the CD, the records will be transferred to the new school within two business days after notification by the CD. Personally identifiable student records will only be released or destroyed in accordance with state and federal law.

Pursuant to Department of Secondary and Elementary Education (DESE) data reporting requirements, the district shall report frequency and durations of, and reasons for, student suspensions of ten days or longer and expulsions.

Confidentiality

Any information received by a school district employee relating to the conduct of a student shall be received in confidence and used for the limited purpose of assuring that good order and discipline are maintained in the schools.

Liability

Teachers and authorized district personnel, including volunteers selected with reasonable care by the district, shall not be civilly liable when acting in accordance with the Board's policies, including the Boards discipline policies, or when reporting to the appropriate supervisor or other person acts of school violence or threatened acts of school violence, pursuant to law and district policy.
