**COLUMBIA PUBLIC SCHOOLS**
Technology Services
1818 West Worley Street
Columbia, MO 65203
(573) 214-3900
Fax: (573) 214-3901

Here are the steps necessary to connect to iBoss Cloud from a district-provided iPad when outside of the district.

1) **First, you MUST open Safari** before attempting to use the Internet in an application. Once open, try to visit a webpage, such as google.com. There, you will be presented with this screen:

2) Input your CPS username (NOT your email address) and password, then click Login.
3) If you are asked to save your username and password, you may click Save Password
4) Once logged in, you'll be presented with the CPS website. You can now navigate to a different website or use a different app.
