Printed : 6/11/2019 1:15 PM CST**ITEM : 3.E.1.n. IT Equipment Recycling Services** **Summary**

IT Equipment Recycling Services will be provided to all District's buildings and schools. All items to be recycled are disposable items that are no longer in working order or have no value. Items with residual value are not part of this agreement. The advantages of this service to the District is that we will not have to store these items for long periods of time and it will save District manpower from picking up and sorting. The company will issue payment to the District based on type of item and weight of items picked up.

This agreement is through June 30, 2020 with the option to renew for two (2) consecutive one-year periods.

Two responses were received for IT Recycling Services. The response from Midwest Recycling Center was the only response that provided payment to the District.
