

IP Security Camera Solution

Proposals were received to supply an IP Security Camera Solution upgrade for all buildings in our district. Proposals were broken into two different parts for the purpose of receiving best of product line for the deployment.

Part 1 – Digital Watchdog Spectrum Server and Storage

Part 2 - Security Cameras that are compatible with Digital Watchdog Spectrum software

Due to lack of response to Part 1, only Part 2 will be awarded at this time. Part 2 requested unit pricing for the four different style cameras listed below. Modifications will be made to the specifications in Part 1 and will be rebid.

	180/360 9MP Camera	Bullet Style 5MP Camera	Dome Style 5MP Camera	Multi Point 16MP Camera
