

COLUMBIA SCHOOL DISTRICT  
Award Result

**RFP NO: 16/16**

**DATE: JUNE 18, 2015**

**JUNIPER DATA CENTER UPGRADE**

Technology Services is upgrading our 8 year old legacy network core switches which control all District Internet access and connectivity in our Data Centers with the latest Juniper products and topology. Juniper equipment will allow us to provide faster connectivity to our servers and network devices. The new network design will allow for more redundancy to support any outages that could plague our datacenters.
