Nutrition Services Department

Columbia, MO 65203

Dear Columbia Public Schools Families,

Nutrition Services has a computerized cashiering system at all schools. Students have access to a student debit account to pay for lunch and/or breakfast. Money may be deposited into their accounts so that it is available each time a student eats and allows the student to move through the line quicker. Students may still pay cash daily to the cashier as they have in the past. Lunch prices are \$2.95 for Elementary students and \$3.15 for Secondary students. Breakfast is \$2.00 for both levels. **Students cannot go over a negative \$25 account deficit. All negative balances exceeding this amount will be turned over to a collection recovery agency.** Please keep accounts in good standing to avoid this action. Free and reduced-price applications are available all year long.

All students will use their personal identification number to access their account. This identification number will be typed into a keypad by the student at the cashier stand. Payments to this account can be made three ways; in your school cafeteria to the food service staff only, at Nutrition Services, 1818 W. Worley St., 65203, or online through School Café: <https://family.schoolcafe.com/> If you have any questions, please call the Nutrition Services Office at 214-3480. Our free and reduced-price applications can be accessed via web and in your child's cafeteria. Applications can be filled out online starting after July 15th, 2022. The Nutrition Services' website is <http://www.cpsk12.org/nutrition>.
