Nutrition Services Department  
1818 West Worley  
Columbia, MO 65203**

Dear Columbia Public Schools Families,

Nutrition Services has a computerized cashiering system at all our schools. Students have access to a student debit account to pay for lunch and/or breakfast. Money may be deposited into their accounts so that it is available each time a student eats and allows the student to move through the line quicker. Students may still pay cash daily to the cashier as they have in the past. Lunch prices are \$2.95 for Elementary students grades K-5 and \$3.15 for Secondary students, grades 6-12. Breakfast is \$2.00 for both levels. **Students cannot go over a negative \$25 account deficit. All negative balances exceeding \$50.00 will be turned over to a collection recovery service.** Please keep accounts in good standing to avoid this action. Free and reduced-price applications are available all year long.

All students will use their personal identification number to access their account. This identification number will be typed into a keypad by the student at the cashier stand. Payments to this account can be made three ways; in your school cafeteria to the food service staff only, at Nutrition Services, 1818 W. Worley St., 65203, or online through [www.MySchoolBucks.com](http://www.MySchoolBucks.com).

If you have food service questions, please call the Nutrition Services Office at 573-214-3480. Our free and reduced-price applications can be accessed via web and in your child's cafeteria. Applications can be filled out online starting after July 15<sup>th</sup>, 2020. Our website is <http://www.cpsk12.org/nutrition>
