Dear CPS Families:

As promised, we want to provide you an update on our operations while schools are closed.

While schools will remain closed through the end of the school year, our alternative learning methods will continue. We want students to continue to be engaged and learning.

We are working with the state to determine when the official last day of school in May will be in light of our current situation. Additionally, the district has not yet made a decision or an announcement regarding summer school.

Our hearts break for our seniors. We continue to work on alternative plans for end-of-year activities, including graduation and prom. We have no final decisions at this time.

**Academics & Schools**

- **Marks for the school year** have been updated and are now available in Home Access. You can access Home Access via the CPS Portal.

- **Elementary packets** for the next several weeks are being mailed home are now also available on the our website at [www.cpsk12.org/COVID19](http://www.cpsk12.org/COVID19).

- Middle school and high school should be receiving communications from their teachers about classes and learning specific to their courses.

- **AP and dual credit classes** are still continuing to prepare students to receive college credit. Students will likely have to work throughout the week, and not just on the subject’s designated day, to complete the requirements for college credit and/or prepare for the AP Exam.

- We are working on finalizing **yearbooks** for students. High school students may still purchase yearbooks, if they have not yet done so here: [https://web.cpsk12.org/epayments/payment_login.php](https://web.cpsk12.org/epayments/payment_login.php)

- Many are asking about obtaining **belongings left at school**. The stay-at-home order must be lifted prior to this being possible. We want to ensure everyone can do this safely. More information will be provided at a later date on when this will occur.

**Food & Family Support Resources**

- **Grab-and-Go** meal routes have been updated.
