

Dear CPS Staff:

A few minutes ago, Governor Mike Parson announced that all Missouri public schools will remain closed through the remainder of this school year. While we had hoped we might be able to return this year, it is in the best interest of public health and safety that we remain closed.

Our recent revisions to the alternative learning plans took into account this very possibility. As such, we will continue with our planned alternative methods of instruction through the end of the school year.

We are also positioned to continue our work-from-home model and will continue to keep you updated as changes or new information come about.

We appreciate your continued flexibility and understanding as we all work together during this difficult time.

Additional information about our alternative learning plans is available on our COVID-19 website at www.cpsk12.org/COVID19.

Stay safe and well.
