

Dear CPS Families:

As we all continue to navigate this period of time, it has been determined that we will also need to make changes to our summer school programming.

**We will not hold in-person summer school programming and will only be able to provide online summer school for credit recovery and credit advancement during the months of June and July.** We will have information about registration for the June and July online high school summer sessions in the next few days.

All is not lost, we are continuing to explore a possible limited in-person summer school option during the first two weeks of August. We do not have details or information we can share about that possibility yet, but know we are actively exploring ideas for how this might be implemented.

Additionally, the Columbia Public Schools Foundation is providing funding that has allowed the district to offer several online summer classes for high school students in May. Enrollment information regarding the May session was sent out to families a few days ago and all the available slots have been filled. We are grateful to the Foundation for making the addition of a special session of summer learning possible.

We are working to determine when the official last day of the 2019-20 school year will be and will share that information as soon as we have it confirmed. We also continue to work on plans for our seniors, including prom and graduation. As soon as plans are finalized, we will share those with families.

Thank you for your continued patience and flexibility. We know and understand this is difficult for all of us.

Stay safe and healthy.

Columbia Public Schools
