

Chantese Shaw

Hi,

My name is Chantese Shaw. I am from Quincy, Illinois and I graduated with my counseling degree from Quincy University.

My family is very important to me, we love to cook, try new food, watch movies, and travel.

Since I was a teenager I knew that I would have a human services career. I am grateful for succeeding my passion of becoming a school counselor. I love education and helping others to succeed.

I am so excited to be working as a school counselor where I can assist in your academic, personal/social, and career goals.

I am looking forward to working with you!
