Dear CPS Families:

Earlier this month, Columbia Public Schools announced it would be providing families with a choice of in-person or online instruction for our return in the fall.

The school district has worked to develop a comprehensive plan for both options and the plan document and additional information, including frequently asked questions, is now available on our website at www.cpsk12.org/fall2020.

Families will need to select in-person or online by completing an enrollment questionnaire. It must be **completed by June 30**, in order to allow the district time to develop student schedules and to make staffing determinations.

You can complete the questionnaire here: <https://web.cpsk12.org/survey/login.php>

You will need your guardian ID and password. If you do not know your ID and password, you can use the links below to help you.

If you need additional assistance or have questions about being able to login to view your student's information, please contact the Help Desk at 573-214-3333.

We understand that this is an important decision for families. The district will hold several informational Zoom webinars for families to learn more about the online options. If you are not able to attend one of the live sessions, the webinars will also be recorded and available on our website after the live sessions take place.

As of June 22, this is [our plan](#). As the summer progresses, we will continue to stay in close contact with the Columbia/Boone County Health Department. If our plan for the 2020-21 school year needs to change, we will communicate these changes to families.

Thank you for your continued patience and support.
