

Hello Oakland parents,

With the end of the school year in sight, I wanted to remind all **7th grade parents** that your student(s) will need to have both a Meningococcal and Tdap shot before they start 8th grade in the fall. Here are a couple of places you can contact to make an appointment:

Columbia/Boone County Health Department

1005 W. Worley St.

Columbia, MO 65203

(573) 874-7355

CPS SCHOLAR Clinic

1010 Rangeline St.

Columbia, MO 65201

(573) 476-0022

Your student's primary care provider

Please contact the OMS health office if you need assistance making an appointment or if you have any questions. Make sure to bring proof of immunization to the health office so we can add it to your student's file.

Please get these immunizations as soon as possible so you can mark them off your list!

Thank you,

Nurse Amanda

(573) 214-3223
