Student Government: We are responsible for creating, organizing, and carrying out many of the activities at Hickman High School, such as Homecoming and Courtwarming Weeks, assemblies, and voting for class officers. As a club, we also discuss important changes taking place at Hickman and consider new and interesting ways to improve our environment, whether that means new school events, or encouraging more philanthropy. We are constantly in collaboration with faculty and staff at Hickman in order to effectively create an amazing school culture for all to enjoy.

ACADEMIC & ATHLETIC ELIGIBILITY MSHSAA Information

It is the **student's responsibility** to make sure he/she is eligible to participate in athletics or other MSHSAA sponsored activities. If the student has any problems, questions or concerns, they should be remedied **BEFORE** the beginning of the season and preferably during registration. Parents can assist by understanding a few of the general guidelines and rules for MSHSAA eligibility.

For a student to maintain eligibility:

For academic eligibility, students must be enrolled in and have earned the previous semester **80%** of the maximum allowable credits. For what this means to Hickman students, please see the table below.

Dual enrolled students during the regular semester may count college courses up to 1.0 credit per semester toward eligibility as follows:

½ credit for a 3-hour college class or 1 credit for a 5 hour college class

Please see your counselor or the athletic director if this applies to you

Summer school classes may count up to 1 credit towards eligibility for fall participation if:

The class is required for LOCAL graduation

The class is in a core content area (language arts, math, science, or social studies)

If you have any questions, please contact Jack Rubenstein, Athletic Director, at 214-3011.
