National Library Week
A message from Mrs. Munsterman

Libraries have always held a dear place in my heart. I have vivid memories of spending Friday evenings at the local library with my mom. We would often come home with more books than we had planned, and many weeks they had to chase us out at closing time. I was that student who would beg my teachers to let me stay in from recess to read and many days after work you can still find me browsing the shelves at DBRL even though I am surrounded by books all day. Libraries have made a huge impact on my life, and it fills my heart to now be working at a school library and passing on a love of reading to the next generation! My hope for you this “National Library Week” and always is that you and your family are sharing memories surrounded by books and libraries.

Thanks for reading to your children and talking to them about books and libraries. You are making our world a better place!
