Online Learning Solutions to Support Elementary Families

In listening to family feedback, we know that there is a need for choice among learning options for the 2020-2021 school year. We are excited to share an online learning solution for elementary students, called CPSElementary@Mizzou.

CPSElementary@Mizzou is an innovative new partnership between Columbia Public Schools and Mizzou Academy, offering learning opportunities that ensure student safety, engagement, and success. This cohesive program puts students at the center of the learning process.

Mizzou Academy, housed in the University of Missouri’s College of Education, is dedicated to educational solutions for students locally and globally. Mizzou Academy currently serves over 7,000 students in 40+ U.S. states and 30+ countries world-wide.

We are committed to equitable access for all children in our district and will provide devices to all families who choose this program and hot spots to students needing those. We are also working on continuing the lunch program for students learning at home.

2020-2021 ELEMENTARY PROGRAM

- Daily online classes led by CPS teachers
- K-2 includes Language Arts, Science, and Mathematics
- 3-5 includes Language Arts, Science, Mathematics, and Social Studies
- Core content developed by the University of Missouri College of Education
- Art, Music, and P.E. content developed by CPS
- Access to Second Step curriculum for Social Emotional Learning
- Intervention and enrichment learning opportunities for all students
- Student support approaches developed in partnership between CPS and Mizzou Academy

NEXT STEPS

Enrollment is open June 22 - 30. We are here to support you in making the choice that is best for your child and family. Learn more at one of our informational webinars:
June 23 at 6:30 pm or June 25 at 6:30 pm
